FRIDAY UPDATE: 10.13.17-10.20.17

On September 28th, there was a burglary in Andover. The case is still being investigated however we want to mention some suspicious things surrounding the incident. Deputies responded to a call of a burglary in progress. There was a female inside the home and heard loud noises inside the home; she locked herself in a bedroom and called 911. Deputies arrived and located the female, and observed a bedroom and office ransacked. A safe with cash and jewelry in it, and a computer, gaming system, and other miscellaneous items were taken. When the deputies were speaking with the homeowner he shared some information that may provide a lead in the case. Below is what he shared:

In speaking with the victim, I asked him if he felt that the roommate had anything to do with this. The victim indicated that he did not think that she had anything to do with this. The victim made a comment regarding a transaction that he made in Minneapolis a week ago. The victim indicated that he sold a watch to a male identified as "Hennyman". The victim stated that he met this male at a restaurant and sold him a watch. The victim stated that the watch was sold to Hennyman for \$7,000.00 cash. The victim also stated that he left Minneapolis and noticed that Hennyman's phone was in his vehicle. The victim stated that he returned the phone back to Hennyman. The victim thinks that there is a possibility that Hennyman tracked his iPhone to his address to know exactly where he lives. At this time, the victim does not know the real name of Hennyman and he does not have a phone number for Hennyman. The victim feels that Hennyman may be involved in the burglary.
