

# Benefits

## Add Convenience

- A single press of a button from a remote control can set multiple shades in motion, making it convenient to open and close hard-to-reach window treatments, all while reducing glare and increasing privacy.

## Enhance Your Décor

- Distinguished honeycomb design, offered in a wide range of styles, give your room a crisp, clean look that is sure to enhance any décor.
- Cord-free operation makes this a safe solution for homes with young children.

## Save Energy

- Innovative air pockets trap heat to provide superior insulation for enhanced energy efficiency.

# Wireless Cellular Shades

763-767-7229

901 West Main St • Anoka, MN 55303

The insulating honeycomb shades are very quiet and perfect for conveniently providing privacy and blocking direct sunlight. Personalize your window coverings with your choice of fabric, color, style, and texture to your choice of taste.
